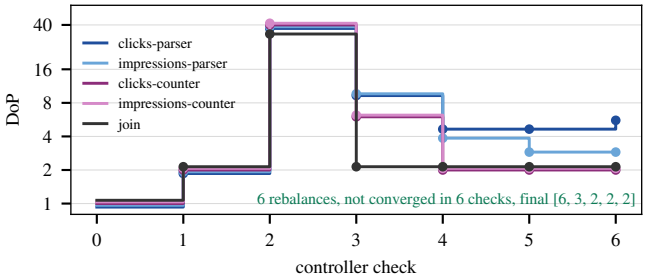
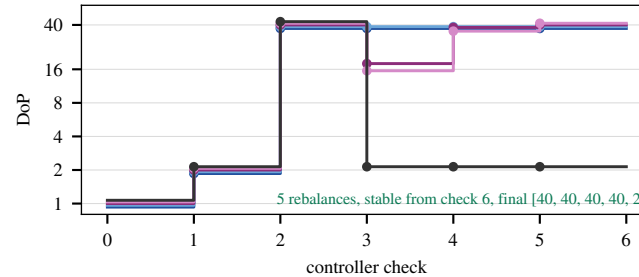
Storm Ad Analytics on m510: DS2 vs Dhalion convergence (bars normalised per metric, labels = measured values)

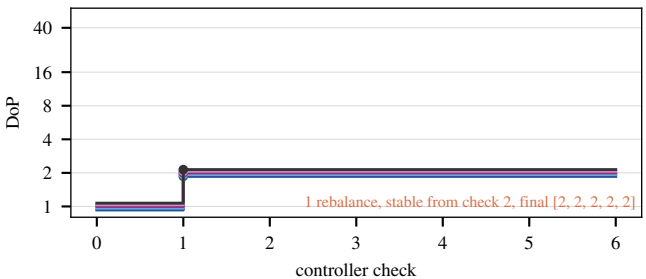
(a) DS2 configuration, 100k events/s



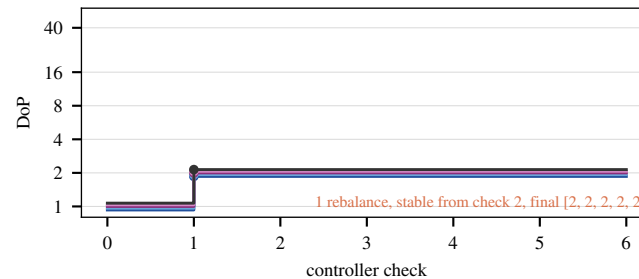
(b) DS2 configuration, 1M events/s



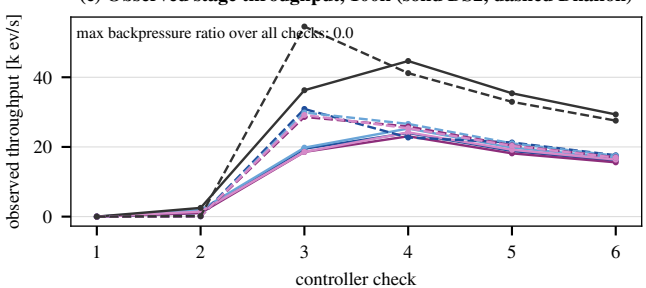
(c) Dhalion configuration, 100k events/s



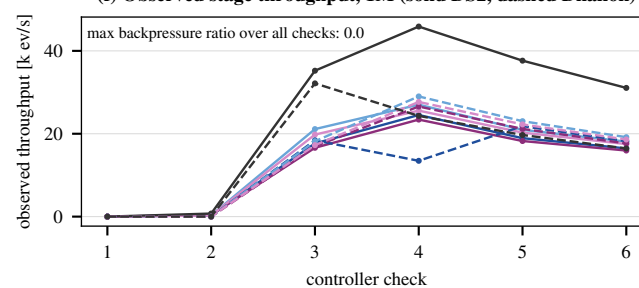
(d) Dhalion configuration, 1M events/s



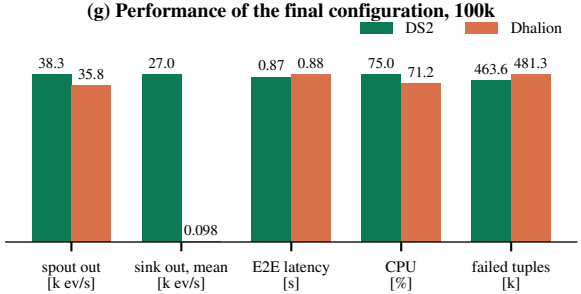
(e) Observed stage throughput, 100k (solid DS2, dashed Dhalion)



(f) Observed stage throughput, 1M (solid DS2, dashed Dhalion)



(g) Performance of the final configuration, 100k



(h) Performance of the final configuration, 1M

no final measurement:
DS2: none (final_metrics_file null)
Dhalion: stale summary (older run)
