Uniform $p=2$
Uniform $p=4$
DS2
Dhalion
Spark: tuners keep latency,
lose up to 2.5*times* throughput
best uniform DoP
RisingWave: all
within 1.4*times*
Storm: tuners lose
3–30*times* throughput
Flink: tuners match $p=4$ in throughput
but add 14*times* latency
best uniform latency / latency (↑ better)
